

A GLOBAL COMPANY MANUFACTURING LOCALLY

FILTRATION & PROCESS

PENTAIR FACILITIES ACROSS THE USA

GLENDAL, WI (MILWAUKEE AREA)

Our Glendale facility is the global headquarters for Pentair Residential Filtration. In addition to being our center for technology development with a laboratory of 7,800 sq. ft., the Glendale facility also focuses on manufacturing carbon block extrusion and our newest product addition —the Hybrid DI™.

CHARDON, OH (CLEVELAND AREA)

With over 150,000 square feet spread over three buildings, our Chardon location is the Pentair center of excellence for our tanks and pressure vessels. Our Chardon location is the lead manufacturer of polyglass pressure vessels, hydropneumatic pressure tanks, and brine & storage tanks.

BROOKFIELD, WI (MILWAUKEE AREA)

Pentair Brookfield is our largest production facility, employing over 300 dedicated Filtration & Process workers. Our Brookfield location is also the manufacturing headquarters for the Aquamatic®, Autotrol® and Fleck® valves.

WINAMAC, IN

As an ASME and National Board Code Certified facility, our Winamac location is the lead manufacturer for Pentair of carbon and stainless steel filtration housings with optional U and UM certifications. With onsite engineering, Winamac fabricates a variety of standard configurations as well as custom housings.

GENUINELY PENTAIR

At Pentair, we strive to offer the highest quality products with top of the line support.

As you seek to enhance the quality of your water, accept no imitations, and insist on genuine Pentair parts.

DOVER, NH

Our Dover location leads the way for the Pentair industrial filtration lines including Fibredyne™ branded fiber wound carbon filters and melt blown filters.

Genuine Pentair Products

Look for the Pentair hologram on products that are authentically manufactured by Pentair.

QUALITY

For over forty years, Pentair has been the quality choice for water treatment professionals due to our:

- continuous **technological innovation** and process improvements.
- significant investment in **state-of-the-art manufacturing**
- **rigorous water testing** laboratories that mirror those of the Water Quality Association (WQA) and National Sanitation Foundation (NSF).

SUPPORT

With Pentair products, you are never far from qualified professional support. Our global network of partners include:

- the **proud distributors and dealers** who sell our products.
- our **customer care** teams dedicated solely to customer satisfaction.
- our best-in-class **technical support** staff to help answer any questions you may have.
