

Professional Water Treatment Systems Sold and Installed by Professional Dealers

A Valumax System Saves You Money and Time... Everyday!

In the Kitchen

- Healthier, better-tasting drinking water
- Improves the taste of juice, coffee, soup and ice
- Eliminates need for expensive bottled water
- Fresher flavors when boiling and steaming
- Cleaner dishes and china

Laundry and cleaning

- Clothes and linens are cleaner, softer and last longer
- Requires 50% less laundry detergent, soap, and dish washing detergent, saving you money
- Dishes, silverware and glasses are spot-free and "shiny-clean"
- Virtually eliminates spots, streaks and scum on fixtures, tubs and showers

In the Bathroom

- Leaves skin feeling smoother after showering, shaving and washing
- Makes hair softer and more manageable
- Reduces soap scum and residue on showers, tubs and sinks

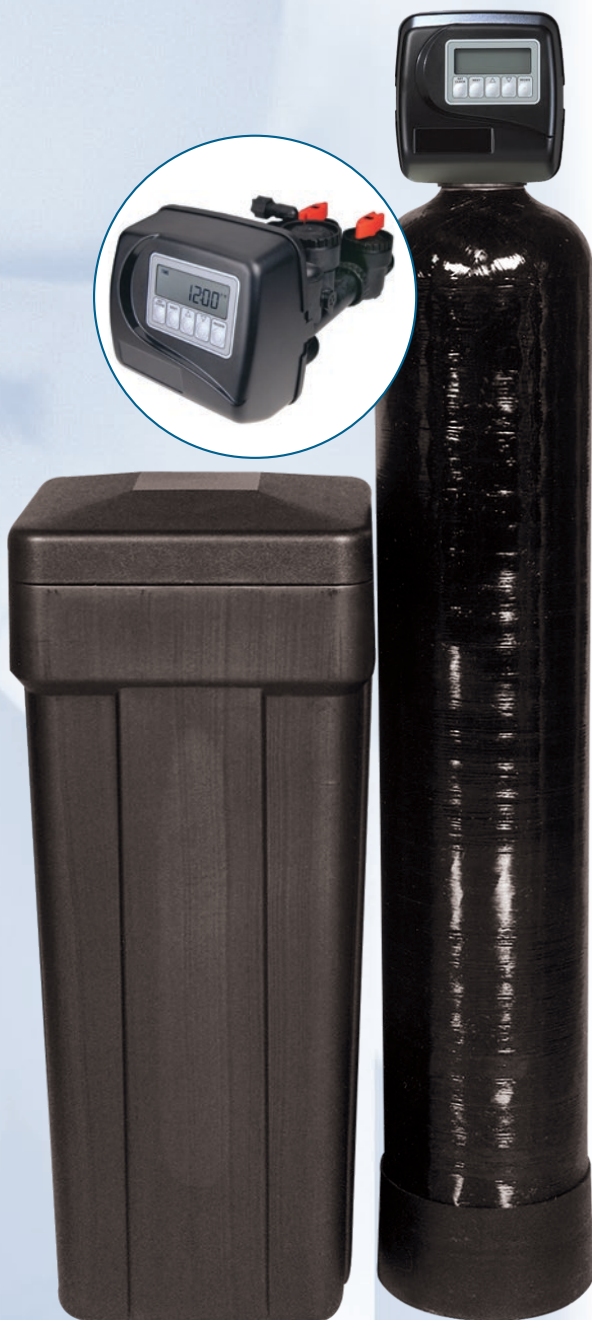

Plumbing and Appliances

- Increases water heater efficiency by almost 30%, reducing fuel costs
- Improves water flow and pressure by eliminating build-up in pipes
- Adds life to dishwashers and washing machines
- Protects everything water touches in your home

MAX

*Copy of warranty available upon request, certain conditions apply.

Trust Your Professional Dealer To Solve Even Your Toughest Water Problems

Optional thermal resin tank jacket prevents sweating and provides an attractive appliance-type finish which lasts a lifetime.

Conventional iron filter using manganese greensand and potassium permanganate as an oxidizer to remove iron and small amounts of sulfur.

Backwashing filters automatically deliver clean, clear water by removing iron, sulfur, chlorine, tastes, odors, tannins, nitrates, arsenic and many other contaminants.
