Modular Expandability

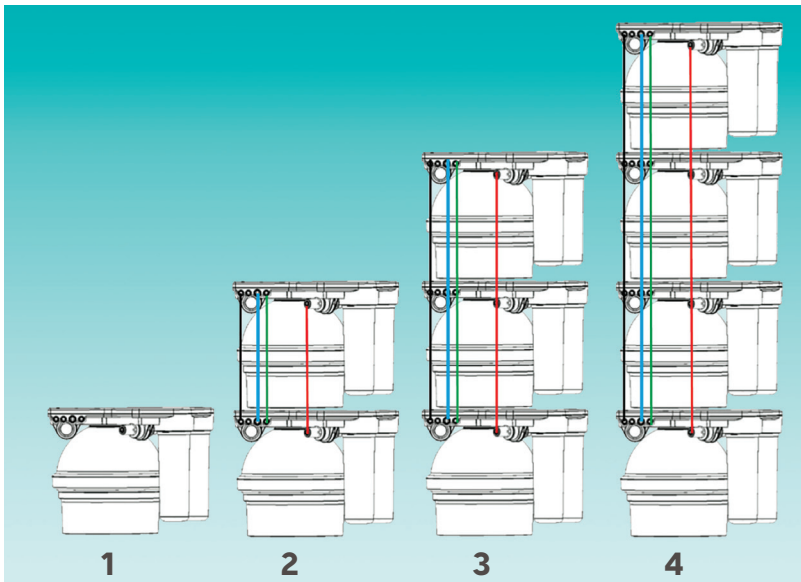

The versatility of the WOWwater™ RO system can best be demonstrated with our Modular Expandability. Whether your needs are 50 gallons per day or 200 gallons per day, WOWwater can deliver consistent water with NO diminishing flow rate to ensure continued water flow through peak periods. Add on hermetically sealed tanks for extra draw down capacity covering all scenarios.

MODULAR EXPANDABILITY SPECS

Systems	Dispensing Flow Rate	Daily Water Makeup*	Hourly Water Makeup*	Storage Draw-down	Add-on Plug & Play Storage
